**Bensalem Christian Day School**  
**Behavior and Discipline Policy**

**Expectations are set according to the age level of the students in the class and in keeping with our school's Christian philosophy of maintaining the safety and well being of all our students while realizing the uniqueness of each child's needs in our care.**

**Teachers foster self discipline through role modeling of appropriate behavior, redirection, and positive reinforcement. In addition, each teacher orients her students to the classroom rules at the start of school and gives verbal reminders to individual students as necessary. In certain situations a child may be excluded from group activities for a short period of time in order to regain his/her self control.**

**When recurring problems arise, ongoing communication between home and school is essential and sometimes a team consisting of parents, teacher, director and/or other professionals is utilized.**

**I/We have read and agree that behavior and discipline are essential to the Day School program in order to insure a safe and positive learning environment for all students at Bensalem Christian Day School.**
