### Summer Birthdays-

Diyan-5/29

Benny - 6/4

Alma - 6/5

Pahal - 8/1

### Classroom News

It's hard to believe that our year

together has come to an end. We have made new friends and, hopefully, learned lots of new things to prepare us for kindergarten!

During this month, we will work on Mother's and Father's Day gifts and practice for graduation.

Our Bible story will be about Jonah. In Science, we will learn words like metamorphosis, pupa stage and chrysalis for the life cycle of the butterfly and the frog. We are anxiously waiting to see if our eggs will hatch into baby chicks and our caterpillars into butterflies. We will discuss summer and how to stay safe.

We have been learning some sight words such as, at, bat, cat, fat, etc. and color words (red, orange, yellow, etc.) to begin reading.

We will have an end of the year ice cream party on Monday, May 20<sup>th</sup>.

Thank you for a terrific year and God Bless your children!!!!

**HAVE A SAFE AND HAPPY SUMMER!**
